

## Sign In to LIFENET Care

All new users receive an automated email containing their username and a temporary password. Please have this email ready to complete the sign-in steps below.

1. From your desktop, enter the appropriate website address:
  - In the US: <https://care.lifenetsystems.com>
  - In Canada: <https://care-ca.lifenetsystems.com>
2. Enter your username and then select **Sign In**.
3. Enter your temporary password, and then select **Sign In** again.

The screenshot shows the Stryker LIFENET Care sign-in interface. At the top, the Stryker logo is displayed above the text "LIFENET® Care". Below this, a subtitle reads "Use your LIFENET account credentials to sign in." The form contains two input fields: "User Name" with the placeholder text "Username@email.com" and "Password" with masked characters ".....". A blue link "Forgot password?" is positioned below the password field. A blue "Sign In" button is located at the bottom right of the form area.

**Note:** Some organizations are configured to use a single sign on. Please contact your organization administrator to obtain sign on credentials.

If you have not received an email with a username and temporary password, please contact the LIFENET System Administrator through your organization administrator.
